Profile Summary

Life-science graduate with strong interest in pharmacovigilance. I have a clear understanding of adverse events, serious adverse events, case processing, and MedDRA coding. I am detail-oriented, comfortable with SOP-driven work, and eager to learn Accenture's processes while contributing to patient safety and quality delivery.

Technical Skills

- **Pharmacovigilance Tools:** Argus Safety, ArisG, MedDRA Coding
- **Clinical Data System:** Oracle Clinical, EDC tools(Clincapture, REDCap)
- **Regulatory Knowledge:** Good Clinical Practice (ICH-GCP), WHO-UMC, FDA, and EMEA guidelines
- **Adverse Event (AE/SAE) Reporting & Narrative Writing**
- **Communication & Support:** Patient Engagement, Stakeholder Coordination (Labs, Physicians, Logistics), Remote Consultations, Instruction & Training for Participants
- **Soft Skills:** Empathy & Patient Support, Time & Task Management, Attention to Detail, Team Collaboration, Problem-Solving

Projects

- Evaluation of Knowledge, Attitude, and Practice of Community Pharmacists about Unused and Expired Drug Disposal – A Cross Sectional Survey

Work Experience

Pharmacist | Chennai multispeciality hospital | Chennai | Nov 2023 – Nov 2025

- Maintained accurate clinical and regulatory documentation, ensuring compliance with ICH-GCP and SOP standards during audits and inspections.
- Supported internal and external audit readiness by preparing, organizing, and reviewing clinical records and SOPs.
- Identified and escalated discrepancies in documentation, ensuring 100% adherence to quality and regulatory requirements.
- Assisted in cross-functional team meetings, providing audit feedback and corrective action documentation to improve compliance processes.

Certifications

- Pharmacovigilance course-udmey (2025) , ICH-GOOD CLINICAL PRACTICE – The Global Health Network (dec 2025) , Introduction of Clinical Research- dec 2025
